**Guidelines for Availability of Hepatitis B Vaccine
(Mandatory OSHA Declination)**

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring Hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine or receive a Hep B titer, at no charge to myself. However, I decline Hepatitis B vaccination and titer at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine or have a Hep B titer, I can receive the vaccination series at no charge to me.
